

Cables for aerial installation (ULW)

DESCRIPTION

Ultra-Lightweight (ULW) aerial cables are designed for overhead pole installation. But can also be installed underground in ducts by pulling. Cable parameters such as cable diameter, stiffness and tensile strength are optimized for best installation performance. PIA approved, suitable for use alongside 11kV power cables and with tensile breaking force for maximum security, less than 2000N.

Product number	Product name	Fibre Count	Cable Diameter
	Cables for aerial installation (ULW)		7 mm
122632	Fibre optic dead end 6.80mm-7.20mm purple (pack of 10 pcs)
