|--------------|-----------------------------------------------------|
| Product name | Attenuator SC/APC 9dB Male-Female 1310/1550nm Doped |
| Product code | 5079323                                             |
| GTIN         | 7332811095481                                       |
| ETIM-Class   | EC000752                                            |

PRODUCT SPECIFICATIONS

Fiber optic attenuators are used to reduce the power level of an optical signal. This type of attenuator uses high-precision doping technology for low back reflection and increased fiber signal accuracy. Ideal for use in CATV and telecommunications applications.

Measurements

|        |      |
|--------|------|
| Height | 1 mm |
| Weight | 4 g  |

Technical Specifications - Attenuators

|                                           |                 |
|-------------------------------------------|-----------------|
| Type                                      | Connector Style |
| Connector Type                            | SC/APC          |
| Attenuation                               | 9 dB            |
| Attenuation Tolerance +/-                 | 1 dB            |
| Max Optical Return Loss for APC connector | -65 dB          |
| Temperature ranges for Operation          | -40°C - +75°C   |
