

Product name	PreLube 5000 240ml Microcable Blowing Lubricant
Product code	1693890
GTIN	7332811327315
ETIM-Class	EC002757

PRODUCT SPECIFICATIONS

Reduces frictional drag during the blowing of small diameter fiber optic microcable into microtube duct. It increases installation distance of cable in a single shot. The improved chemistry allows this product to spread farther and reduce friction at extremely low coating levels. Can be used with all microcable jackets.

Spread lubricant into microduct by blowing a foam carrier or sponge as many times as necessary to avoid lubricant puddling near the entrance of the duct.

Measurements

Length	60 mm
Height	170 mm
Width	60 mm
Weight	292 g

Technical Specifications - Lubricant

Can be used on plastic	Yes
Can be used on metal	No
Can be used on concrete	No
Can be used on wet surface	Yes
Suitable for cables	Yes
Suitable for tubes	Yes

Suitable for potable water	No
Shape	Gel
Water-soluble	Yes
Acid-free	Yes
Packaging	Tube
Volume	240 ml
