

Product name	Optic PEN Cleaner 1.25mm short
Product code	1664998
GTIN	7332811360213
ETIM-Class	EC002609

PRODUCT SPECIFICATIONS

Optic PEN Cleaner is a pen type cleaner, which allows the cleaning of the end-faces of fibre connectors and adapter ferrules. The pen cleaner features a special microfiber tissue that removes all contaminations. Its antistatic property prevents static load that could bring new contamination after the cleaning.

For 1.25 mm adaptors and connectors (LC,MU).

One single unit can easily accomplish >800 cleanings.
